

State: October 2024

## Our laboratory closes for Christmas holidays and New Year from 24 December to 31 December 2024!

Please send your samples to our laboratory by **Friday, 20 December 2024** at the latest. Express samples such as TKTL1-/APO10 and all samples for functional tests of the immunology, can be sent via our logistics **Tuesday, 17 December 2024** at the latest.

All samples received between **27 December 2024** to **31 December 2024** will be processed and stabilized (except express samples and functional tests). The diagnostics of the samples starts from **2 January 2025**.

We will be back for you on **Thursday, 2 January 2025**.

**Merry Christmas and a Happy New Year to you and your families!**
